> as a contributing structure to potential district, local level, for Criteria A, Sonoran Desert Cattle Ranching w/period of significance 1919-1976.

Long Significance Description: The Pozo Nuevo Jacal, Organ Pipe NM, was determined eligible for the NR

as a contributing structure to a potential historic district, at the local level of

significance, under NR Criteria A, Sonoran Desert Cattle Ranching.

The structure is located at one of the fifteen ranches and line camps in the Gray family cattle business which dominated the lands of Organ Pipe National Monument for nearly 60 years. Constructed with railroad ties and mesquite posts, it represents the need for ranchers to make do with the materials they had at hand since supplies were hard to come by. Associated primarily with son Henry, the jacal was built around 1930 and falls within the Gray Partnership ranching era, 1919-1976.

The Determination of Eligibility for the Pozo Nuevo Jacal was signed by the Arizona State Historic Preservation Officer on September 26, 1995.
